Shutters - Blinds - Curtains

# TRANSFORMING YOUR HOME, ROOM BY ROOM.

To most of us, home is more than just the place you live. It's a place you relax and unwind; a place you entertain friends; a place you raise your family or a place you work. It's a place to truly feel ourselves, create memories and bring a sense of wellbeing and stability to our lives. It's not just a physical space, it's a feeling too.

At Feather & Grey Interiors, we nurture these values and understand how beautiful window stylings can help create inspiring spaces, bespoke to each and every one of our customers. We believe that every step through the door should bring a sense of calm and joy and a feeling of truly being home and we work with each of our customers individually to help bring this to life.

# OUR CRAFTSMANSHIP, QUALITY & SERVICE

Feather & Grey Interiors is a family-run business specialising in premium window stylings, from bespoke solid hardwood shutters to handmade curtains and tailor-made blinds.

With over 15 years experience creating bespoke solutions for customer's homes, our mission is to combine the best quality products on the market and unrivalled customer service with superior craftsmanship and care.

A combination we know our customers value and one which, we believe, sets us apart from others.

## WHY CHOOSE FEATHER & GREY INTERIORS?

**Family-run business** - With no hard sales pitch, we are a family-run business dedicated to quality with a customer-centric focus.

**Experts in our field** - We approach each customer as an individual; combining our expertise with customer's personal preferences to create bespoke window styling solutions.

**Sustainably-sourced, quality products** - Our planet is important to us, so for that reason we only use materials that are sustainably-sourced and FSC-certified.

**3-5 year guarantee across all our products** - To put your mind at ease, all of our products are guaranteed for 3-5 years.

**Free installation** - By our team of highly trained installers, with experience in carpentry and cabinet-making, we offer free installation with every order across all window shutters, blinds and curtains.

**Express delivery** - We offer a 10-12 week\* lead time as standard on our solid hardwood shutter range, instead of the market average of 16-20 weeks. If lead time is a priority, we have UK-made PVC shutters that can be delivered within 4-5 weeks\*.

**Fair and transparent pricing** - We pride ourselves on a no hard-sell approach with no high-low pricing strategies, ensuring customer satisfaction is at the heart of what we do.

\*all our lead times are approximate.

# HAND-CRAFTED SHUTTERS

Discover our range of bespoke shutters, made from the finest quality materials, skilfully crafted to create the perfect balance of privacy and light. From solid hardwood shutters to PVC, available in a considered selection of wood stains and painted finishes, our collection caters to every room in your home.

## SOLID HARDWOOD

FSC-certified and sustainably-sourced, our wooden shutters are crafted and designed with every window in mind. From unique shaped windows to beautiful bays, our shutters are created completely bespoke to you.

## PVC

Our collection of PVC shutters are made from specialist materials, specifically designed to withstand humid or moisture-rich environments; ideal for bathrooms, wet rooms or kitchens.

# STYLING YOUR HOME WITH SHUTTERS

## FULL HEIGHT

Full height shutters cover the entirety of the window or door. The operation of the louvres can be split or dividers added to give you the versatility of privacy and light.

## TIER ON TIER

Tier on tier shutters cover the entirety of the window or door. They have independent panels top and bottom that are able to operate separately.

## CAFE HEIGHT

Cafe height shutters would typically only cover the bottom section of your windows. This is to allow for maximum light, whilst giving you full privacy on the bottom section.

## GUIDED TRACK

Tracked shutters are a great solution for high footfall areas such as across patio or bifold doors or large windows.

## SHAPED

Shaped shutters are the perfect solution for those ornate windows and doors. These include circles, arches, triangles, ovals and many more. They can be made to fit just about any bespoke shape.

## SOLID PANEL

Solid panel shutters are typically used in bedrooms where maximum light restriction is needed. With the panels being solid no light passes through them making them ideal for light sleepers.

# ADDING THE PERSONAL TOUCHES

We understand the beauty in creating completely bespoke solutions for our customers, so provide a variety of options to add a truly personal touch to your shutters. Our experts will guide you through your options to discover the perfect solution for you.

## LOUVRE SIZE

Choosing your louvres is a personal choice and will usually depend on the size of your windows and the overall look you wish to achieve. Our louvres are available in a variety of sizes.

## MECHANISM

From our Clearview option to tilt rods or completely hidden, how you operate your shutters is entirely up to you.

## HINGES

Aesthetically, hinges are an important element, so we provide a range of hinge colour options to choose from to match your interiors as well as a hidden hinge option.

## CUSTOM COLOUR SERVICE

If you are looking for a bespoke colour to match your interior design, we can create your shutters to match perfectly.

## TAILOR-MADE BLINDS

Our passion for interior design and home furnishings has enabled us to create a dynamic and inspiring collection of fabrics and colours that reflect your desired taste and interiors. Effortlessly operate your blinds with either manual or motorised operation, available across the majority of our collections.

## ROLLER BLINDS

Perfect for any room in your home, roller blinds are a single piece of fabric, wrapped around a casing, installed at the top of your window frame. Roller blinds are easily customised through fabrics such as blackout, voile, waterproof or patterned.

## WOODEN VENETIAN

Our range of bespoke wooden and faux wooden Venetian blinds effortlessly combines style with practicality, creating a beautiful window styling solution in your home. Available in a stunning selection of wood stains and painted finishes.

## TRI-SHADE

A revolutionary solution to light control and privacy, tri-shade blinds feature soft rotating fabric vanes suspended between two sheer fabric layers, allowing the natural light to softly filter into your home.

## DAY & NIGHT BLINDS

Also referred to as vision blinds or duo roll blinds, day and night blinds offer versatile light control and privacy through the alternating translucent and opaque strips, which are easily adjusted depending on time of day or need. Chosen with a blackout fabric, these can also create the perfect blackout blind for a bedroom or nursery.

## PLEATED/HONEYCOMB BLINDS

Pleated blinds are made from a pleated fabric which can add additional texture to a room. Similar to pleated, honeycomb blinds are made from an innovative honeycomb design which helps with room insulation, reducing heat loss and making your home more energy efficient. These are ideal for French doors and bifolding doors, but customisable for any room in your home.

## ALLUSION® BLINDS

A contemporary take on traditional vertical blinds, Allusion® blinds are the epitome of style combined with practicality. A lightweight fabric which is both opaque and sheer when the louvres are turned. Coming in a range of swatches comprising of soft greys, whites amongst others, Allusion® blinds are the perfect finishing touch to your home.

## SKYLIGHT

Designed for Velux® windows, Skylight blinds allow additional light control in your room. The ideal electric blind: operated remotely through a remote control or made Smart and linked up to your phone for speed and ease.

## PERFECTFIT

No screws or drills required with PerfectFit blinds which clip directly onto your window. Available across all our blind collections, PerfectFit blinds allow the opening and closing of your window without adjusting the blinds.

## LUXURY CURTAINS & ROMAN BLINDS

Our hand-made curtains and Roman blinds are beautifully made just for you with our specialists offering expert advice to help transform your home. From sleek satins, luxurious velvets, cottons, linens and more in a variety of textures, colours and styles from some of the UK's leading designers, we can help create something special and bespoke for you. Complement your chosen fabric and create a personal touch with our range of poles, tracks, trimmings and accessories.
